

Aaron Sweet

+ Experience overview

Aaron Sweet has 22 years of town planning experience spanning five Australian states. He has worked in the areas of statutory planning, due diligence and development consulting for all project types and scales.

Prior to establishing his own consultancy, Consult Planning, Aaron was a Planning Director for Bartley Burns Certifiers & Planners for a decade. Prior to that role he was a town planner with the City of Gold Coast.

Industry recognition of his expertise, led to Aaron becoming one of the first six Accredited RiskSMART Consultants. He was instrumental in the development of the Brisbane RiskSMART program, which was initially piloted in 2005. He is also a Registered Planner.
